**No. STP-T005(901)**

Sealed proposals for the rehabilitation of the Coffeyville Air Museum will be received by the City of Coffeyville, City Clerk's Office, City Hall, Room 208, 7th and Walnut, Coffeyville, 67337, until 2:30 p.m. Friday, October 13, and then publicly opened.

A mandatory pre-bid conference will be at 3 p.m. Wednesday, October 4, in the City Hall. Failure to attend the mandatory pre-bid conference will make the bid non-responsive and not eligible for award consideration.

This project is for the roof replacement of the main hangar and north lean-to roof and installation of ceiling and lights at the Coffeyville Air Museum located in Pfister Park. The City of Coffeyville and the Kansas Department of Transportation have entered into an agreement for the use of federal transportation enhancement (ISTEA) funds for this project.

There will be no discrimination against anyone because of race, age, religion, color, sex, disability or national origin in the award of contracts. Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the city to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

In addition to this requirement, each bidder shall execute all required documents in the plans, specifications and bid package. Failure to properly execute all required documents as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the project may be obtained from the Engineering Department, City Hall, Room 102, 7th and Walnut, Coffeyville.

The City of Coffeyville reserves the right to reject any or all bids or to waive irregularities and to award as may be deemed to be in the best interest of the city. No bid may be withdrawn for 45 days after the opening of the bids.

Bids may be held by the city for a period not to exceed 30 days from the date of the opening of bids in order to allow time for the purpose of reviewing the bids prior to awarding the contract.

**Social and Rehabilitation Services****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 1 p.m. Wednesday, November 15, in the SRS board room, sixth floor, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of proposed changes in existing rules and regulations on a permanent basis effective December 29, 1995.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Social and Rehabilitation Services, Room 603-N, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

Copies of the regulations and their economic impact statements may be obtained from the Office of the Secretary, (913) 296-3271.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Hope Burns at (913) 296-3271 or by calling the Kansas Relay Center at 1-800-766-3777.

The public is invited to this meeting. Telephone hook-ups will not be provided.

The adoption of the December 29, 1995, permanent regulations will take place at 10 a.m. Monday, November 27, in the SRS executive conference room, Room 603-N, Docking State Office Building. Teleconference will not be available.

A summary of the proposed regulations and their economic impact follows:

**Article 4.—PUBLIC ASSISTANCE PROGRAM**

**30-4-96. Eligibility factors specific to the burial assistance (BA) program.** This regulation is being re-

scinded, as the burial assistance program is being eliminated effective January 1, 1996.

**Economic Impact:** This change is expected to result in state general fund savings of almost \$260,000 in FY 1996 and \$780,000 on an annual basis due to elimination of assistance for approximately 960 burials each year.

**30-4-121. Special allowances for burial expenses.** This regulation is being rescinded as a result of the elimination of the burial assistance program.

**Economic Impact:** See economic impact statement for 30-4-96.

**Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM**

**30-5-80. Scope of and reimbursement for Medicaid home- and community-based services (HCBS).** Wording in this regulation is being updated to reflect current usage and to match wording in other policy documents.

**Economic Impact:** Wording changes have no effect on operation of the HCBS program. No fiscal impact results from these changes.

**30-5-81u. General hospital groups under the diagnosis related group (DRG) reimbursement system.** This regulation is being updated to reflect hospitals assigned group one status will be limited to hospitals located in a metropolitan statistical area (MSA) within Kansas, or located outside Kansas or its designated border cities and have a minimum of 200 general inpatient beds. Hospitals assigned group two status will be located within a MSA in Kansas and have less than 200 general inpatient beds to be located within a MSA in a designated border city, or be located outside Kansas or its border cities and have at least 100 general inpatient beds.

**30-5-82. Scope of rural health clinic services.** This regulation is being amended to delete wording referencing necessary coverage by Medicare.

**Economic Impact:** Deleting this obsolete wording makes no change in program operation. There is no fiscal impact.

**30-5-86. Scope of services by community mental health centers.** This regulation is being amended because outpatient psychotherapy in excess of 40 hours per calendar year will not be prior authorized, therefore, unnecessary wording is being deleted. Since alcohol and drug treatment is no longer offered in community mental health centers, wording limiting such treatment is also being deleted as unnecessary.

**Economic Impact:** Deletion of unnecessary working has no fiscal impact.

**30-5-94. Reimbursement for pharmacy services.** This regulation is being simplified in order to clarify how the professional dispensing fee is determined, to reduce the burden to pharmacies of annual cost reports, and to eliminate obsolete wording concerning unnecessary and burdensome limitations.

**Economic Impact:** There is no fiscal impact to this change. Pharmacies may have savings in administrative costs.

**30-5-95. Cost report requirements for pharmacy services.** This regulation is being amended in order to

(continued)

reduce the burden to pharmacies of annual cost reports and to clarify when cost reports are not required.

**Economic Impact:** There will be a savings of \$6,000 (total funds) by eliminating the interim cost study.

**30-5-102. Scope of optometric and optical services.** This regulation revision permits optometric and optical services for Kan Be Healthy program recipients only.

**Economic Impact:** Savings from this regulation will be \$1.15 million (\$470,000 state general fund).

**30-5-104. Scope of psychological services.** This regulation is being amended to eliminate psychological services for Medicaid consumers.

**Economic Impact:** There will be annual savings of \$1.7 million (\$700,000 state general fund). Psychological services will continue to be available for eligible consumers from community mental health centers.

**30-5-104a. Reimbursement for psychologists services.** This regulation is being amended to eliminate reimbursement for services provided by psychologists.

**Economic Impact:** There will be an annual savings to the state general fund for FY 96 of \$292,000 and in FY 97 \$700,000.

**30-5-105. Scope of hearing services.** This regulation revision permits hearing services for Kan Be Healthy program recipients only.

**Economic Impact:** There will be an annual savings of \$227,000 (\$93,000 state general fund).

**30-5-110. Scope of partial hospitalization programs.** Wording limiting supportive partial hospitalization is being changed at the request of the federal Health Care Financing Administration. Unnecessary wording limiting crisis stabilization hours is being eliminated.

**Economic Impact:** Wording changes do not change current program operation. There is no fiscal impact.

**30-5-153. Scope of physical therapist services.** This regulation is being added to create a mechanism to provide physical therapist services to Medicaid clients outside of a clinic setting. Physical therapists will be able to enroll as Medicaid providers and bill for their services.

**Economic Impact:** The agency expects no fiscal impact associated with this change. Medicaid currently provides medically necessary physical therapy services. No increase in medically necessary services is anticipated.

**30-5-153a. Reimbursement for physical therapist services.** This regulation is being added to create a mechanism to provide physical therapist services to Medicaid clients outside of a clinic setting. Physical therapists will be able to enroll as Medicaid providers and bill for their services.

**Economic Impact:** The agency expects no fiscal impact associated with this change. Medicaid currently provides medically necessary physical therapy services. No increase in medically necessary services is anticipated.

#### Article 6.—MEDICAL ASSISTANCE PROGRAM— CLIENTS' ELIGIBILITY FOR PARTICIPATION

**30-6-103. Determined eligibles; protected income levels.** This regulation is being amended to increase the one-person protected income level for persons in independent living and in the home- and community-based services program from \$458 to \$469 per month. This is

based on a projected 2.5 percent cost of living adjustment in the Supplemental Security Income (SSI) program, which will become effective January 1, 1996.

**Federal Mandate:** This change is required by 42 CFR 435.811, 435.812, and 435.1007 of the Medicaid regulations.

**Economic Impact:** This change in the one-person level is not expected to have any discernible economic impact. This is due to the relatively small number of households affected by a change in the one-person protected income level. These households are primarily noninstitutionalized adults who receive Social Security benefits and children living with a caretaker other than a parent. The primary source of income for these children also is Social Security benefits. As the one-person protected income level is being increased by 2.5 percent, this matches the 2.5 percent Social Security cost-of-living adjustment. Therefore, neither the client nor the department is benefited or disadvantaged by this change.

**30-6-103w. Determined eligibles; protected income levels.** This regulation is being amended to increase the one-person protected income level for persons in independent living and in the home- and community-based services program from \$458 to \$469 per month. This is based on a projected 2.5 percent cost of living adjustment in the Supplemental Security Income (SSI) program, which will become effective January 1, 1996. **Federal Mandate:** This change is required by 42 CFR 435.811, 435.812 and 435.1007 of the Medicaid regulations.

**Economic Impact:** See economic impact for 30-5-103.

**30-6-106. General rules for consideration of resources, including real property, personal property and income.** This regulation is being amended to increase the maximum income allowance a community spouse can receive from an institutionalized spouse to \$1,923 per month. This increase reflects a projected 28.2 percent increase in the consumer price index from September 1988 to September 1995 and is calculated from the original \$1,500 per month maximum allowance contained in section 1924(d)(3)(C) of the Social Security Act.

**Federal Mandate:** This change is required by Section 1924(g) of the Social Security Act.

**Economic Impact:** It is expected that this change will result in increased annual expenditures of \$249,600 (\$102,336 state general funds).

This regulation is being further amended to increase the minimum and maximum property allowances a community spouse may have to \$15,384 and \$76,920 respectively. This increase reflects a projected 28.2 percent increase in the consumer price index from September 1988 to September 1995 and is calculated from the original \$12,000 and \$60,000 allowances contained in section 1924(f)(2) of the Social Security Act.

**Federal Mandate:** This change is required by Section 1924(g) of the Social Security Act.

**Economic Impact:** This change is not expected to have any discernible economic impact.

#### **Article 10.—ADULT CARE HOME PROGRAM**

**30-10-1a. Nursing facility program definitions.** This regulation revision involves taking procedures out of the definition section and adding definitions for additional clarification.

**Economic Impact:** Wording changes have no effect on the operation of the nursing facility program. No fiscal impact results from these changes.

**30-10-1b. Nursing facilities.** This regulation revision for nursing facilities for mental health is made to be consistent with the wording of other sections of Article 10 regulations. This change was recommended by Legislative Research staff. The other change is to clarify existing agency policy on the treatment of new lessees.

**Economic Impact:** Wording changes have no effect on the operation of the nursing facility program. No fiscal impact results from these changes.

**30-10-2. Standards for participation; nursing facilities and nursing facilities for mental health.** The threshold of 10 percent or more resident assessments not being completed before payment is suspended was added to the regulation; the other regulation change is to clarify that nursing facilities must provide nonemergency transportation as a standard of participation. This is an allowable cost reported by providers and reflected in their payment rate, subject to limits.

**Economic Impact:** There is minimal cost involved in this change.

**30-10-15a. Reimbursement.** Payment for services. This regulation adds nonemergency transportation and respiratory therapy to the list of routine items and clarifies that routine items are reimbursed in the rate and

should not be deducted from resident liability. The addition is to clarify agency policy and that the cost is reimbursed in the payment rate, subject to limits.

**Economic Impact:** The estimated savings of clarifying reimbursement for routine items is \$1 million.

**30-10-17. Cost reports.** This regulation change is to clarify existing agency policy and eliminates the reference to requesting an extension on filing cost reports for "good cause." The change eliminates the ambiguity of good cause and specifies criteria when extensions can be granted. A procedure in the definitions has been moved to this regulation, as it is the appropriate section of the regulation. The regulation also includes an update to the Nursing Facility Financial and Statistical Report and its related instructions.

**Economic Impact:** No fiscal impact results from these wording changes.

**30-10-18. Rates of reimbursement.** This regulation removes obsolete regulation language used for the phased-in implementation of the case mix payment system and the change in the inflation methodology. The regulation clarifies the policies and procedures related to comparable service rate limitations. The regulation also deletes the provision that new providers, who would receive the rate of the previous provider, may file a projected cost report, if criteria are met. This regulation also explains the reserve day payment in order to place existing policy into regulation.

**Economic Impact:** There is no fiscal impact to the wording changes. Deleting the ability of new providers to file projected cost reports will result in a cost avoidance and possible savings. If all new providers in fiscal year 1996 are allowed to file projected cost reports, it could cost the state \$1 million (\$440,000 state general fund) through rate increases. If projected cost reports are not allowed, the additional cost can be avoided for one year until higher costs are reflected in new rates.

**30-10-19. Rates; effective dates.** This regulation deletes "for a new provider," which makes the regulation broader to cover the effective date of a projected cost report for a newly constructed nursing facility or a provider out of the program for two years. The deletion of the words "historic" and "estimated" inflation are being deleted for consistency with K.A.R. 30-10-18. It is no longer necessary to specify the type of inflation due to a policy change in how the rates are determined as of July 1, 1994.

**Economic Impact:** There is no fiscal impact for wording changes.

**30-10-23a. Non-reimbursable costs.** The regulation change clarifies existing agency policy. The non-reimbursable cost list was expanded to include dental services, radiology and laboratory work. This change will eliminate the ambiguity as to whether the costs should or should not be included in the providers' cost reports.

**Economic Impact:** This policy clarifies existing agency policy. There is no fiscal impact.

**30-10-23b. Costs allowed with limitations.** This regulation change clarifies existing agency policies regarding organization and other corporate costs and sales-lease-back transactions.

(continued)

**Economic Impact:** This policy clarifies existing agency policy. There is no fiscal impact.

**30-10-24. Compensation of owners, related parties and administrators.** This regulation change clarifies existing agency policy.

**Economic Impact:** This policy clarifies existing agency policy. There is no fiscal impact.

**30-10-25. Real and personal property fee.** This regulation change clarifies existing agency policy.

**Economic Impact:** This policy clarifies existing agency policy. There is no fiscal impact.

**30-10-27. Central office costs.** This regulation change clarifies agency policy, makes the salary treatment of chief executive officers of nonprofit organizations consistent and equitable with those of profit organizations, and broadens the reporting of central office costs.

**Economic Impact:** This policy clarifies existing agency policy. There is no fiscal impact.

**30-10-29. Reimbursement for 24-hour nursing care.** This regulation eliminates the provision for reimbursing the cost of required professional nurses. Ample time has been given since December 18, 1985 for all nursing facilities to request funding under the regulation in order to be in compliance with the federal requirement.

**Economic Impact:** This policy will have minimal fiscal impact. The providers will pay the additional costs incurred for professional nurses and reflect the expenditures in the annual cost report. This will be a cost avoidance for the first year.

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Northern Natural Gas Company has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install an additional gas compressor with catalytic converter. Emissions of oxides of nitrogen, carbon monoxide, and volatile organic compounds were evaluated during the permit review process.

Northern Natural Gas Company, 7800 S. Fillmore, Suite 330, Amarillo, Texas, owns and operates the stationary source to be located at Sec. 3, T34S, R37W in Stevens County.

A copy of the proposed permit, permit application, all supporting nonconfidential documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the KDHE southwest district office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Eugene Sallee, (913) 296-1575, at the KDHE central office, or Wayne Neese, (316) 225-0596, at the KDHE southwest district office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Eugene Sallee, KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. Written comments must be received by the close of business October 16 in order to be considered in formulating a final permit decision.

A person may request a public hearing be conducted on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business October 16 in order for the Secretary of Health and Environment to consider the request.

**Notice of Hearing**

A public hearing will be conducted by the Kansas Department of Health and Environment at 1:30 p.m. Thursday, October 19, in the auditorium at the Wichita-Sedgwick County Department of Community Health, 1900 E. 9th, Wichita, to receive comments on the proposed issuance of an air quality permit to Schafer Corporation.

The public hearing is being conducted in response to comments received on the notice concerning the proposed Kansas air quality construction permit which appeared in this newspaper.

Schafer Corporation, 501 Terrace Drive, Pratt, has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install and operate a copper reclaiming incinerator to burn off insulation of copper wire. Schafer Corporation owns and operates the stationary source located at 815 E. Gilbert, Wichita, at which the incinerator is to be located.

A copy of the proposed permit, permit application, all supporting nonconfidential documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, and at the Wichita-Sedgwick County Department of Community Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Eugene Sallee, Bureau of Air and Radiation, (913) 296-1575. Written comments must be received by the close of business October 19 in order to be considered in formulating a final permit decision.

**State of Kansas****Department of Health  
and Environment****Public Notice**

The Kansas Department of Health and Environment and Region 7 of the U.S. Environmental Protection Agency are providing public notice of the intent to issue a Resource Conservation and Recovery Act (RCRA) hazardous waste facility permit to the Ash Grove Cement Company (Ash Grove) in Chanute, Kansas. A draft permit has been prepared to address this action and is available for public review.

Ash Grove has applied for a permit to operate a hazardous waste storage and treatment facility at Chanute. The hazardous waste operations for which it seeks a permit include the storage of hazardous waste in tanks and drums, and the burning of hazardous waste-derived fuel in its two cement kilns as energy for the manufacturing of Portland cement.

The facility obtained interim status as a hazardous waste storage facility in May 1986 and was assigned the EPA identification KSD031203318. The hazardous waste management operations addressed in Ash Grove's original Part A permit application included storage of hazardous waste in tanks. Ash Grove obtained interim status under the provisions specified in the Federal Register, Volume 50, Friday, November 29, 1985, for existing marketers and burners that store hazardous waste fuels. Ash Grove later added a hazardous waste container storage area as allowed under 40 CFR 270.72, changes allowed during interim status. Ash Grove obtained interim status for the cement kilns under the provisions of the Boiler and Industrial Furnace Rule by submitting a Part A application before August 21, 1991.

The Boiler and Industrial Furnace rule, promulgated under the RCRA, imposes strict controls on facilities that use hazardous waste-derived fuel as an alternative energy source. The material burned at the facility includes ignitable, toxic, and listed liquid or solid hazardous wastes, which are fuel blended for use in firing the facility's cement kilns. Under this permit, Ash Grove will be authorized to continue burning hazardous waste subject to requirements, such as limitations on hazardous waste burning rates, burning temperatures, and air pollution

control device operation. Emergency equipment is available at the facility and appropriate warning signs are posted on the perimeter fencing. Additional information on the hazardous waste activities can be found in the administrative record.

Ash Grove will be allowed to store up to 232,000 gallons of hazardous waste in tanks (current tank capacity is 76,000 gallons) and 202,356 gallons in containers (current container capacity is 111,636). Each container and tank management unit has secondary containment and complies with 40 CFR Part 264 Subpart I/J requirements for container and tank storage units.

On October 17, 1985, KDHE received final authorization from the EPA to administer the RCRA program, except for those portions of RCRA covered by the 1984 Hazardous and Solid Waste Amendments (HSWA) and 40 CFR 266 subpart H, the BIF Rule. The EPA has retained authority for the HSWA and BIF provisions until such time as KDHE receives final authorization for these provisions; therefore, the draft permit requires a joint KDHE/EPA action. KDHE's portion of the draft permit (Part I) covers the non-HSWA/BIF provisions. These include construction, operation and maintenance of the hazardous waste container and tank storage facilities. The EPA's portion of the draft permit (Part II) covers the HSWA provisions, which include the land disposal restrictions, corrective action for releases from solid waste management units (SWMU), waste minimization, newly listed hazardous wastes and fugitive emissions from hazardous waste process units, as well as operation conditions for the burning of hazardous waste-derived fuels in the cement kilns.

A 45-day public comment period (September 15 to October 30) has been established for this permitting action. During the public comment period, the administrative record, which includes the draft permit, the fact sheet, the Part A and Part B permit applications, and all other relevant documents, will be available for public review during normal business hours at the following locations: Kansas Department of Health and Environment, Bureau of Waste Management, Forbes Field, Building 740, Topeka, 66620-0001, Contact: John Mitchell, (913) 296-1608;

City of Chanute Public Library, 111 N. Lincoln, Chanute, 66720, Contact: Susan Willis, (316) 431-3820; and U.S. Environmental Protection Agency, Region 7—Air, RCRA, and Toxics Division, 726 Minnesota Ave., Kansas City, KS 66101, Contact: John Smith, (913) 551-7845 or 1-800-223-0425.

A formal public hearing will be conducted in conjunction with the 45-day public comment period at 7 p.m. October 24 at the Neosho County Community College, 1000 S. Allen, Chanute. All interested citizens are invited to attend and participate in the public hearing. EPA and KDHE representatives will be available at the college from 2 to 5 p.m. that day to informally discuss any questions or concerns related to the draft permit before the formal public hearing. In addition, the EPA and KDHE will conduct an informal informational meeting from 1 to 9 p.m. October 17 at the Central Park Pavilion, 101 S. Forest, Chanute. At this meeting, EPA and KDHE representatives will be available to answer questions and discuss issues related to Ash Grove's hazardous waste activities.

Anyone wishing to comment on the draft permit, Part B application, should submit written statements postmarked not later than October 30 to John W. Mitchell (KDHE) or John Smith (EPA) at the addresses listed above.

At the end of the public comment period, the KDHE secretary and the EPA Region 7—Air, RCRA and Toxics Division director shall make a final decision on the draft permit. In making the final decision, the KDHE secretary and the EPA director will take into consideration all written comments received during the public comment period, all verbal comments made at the public hearing, and all KDHE/EPA hazardous waste rules, regulations and hazardous waste permitting policies. Notice of the final decision will be sent to the applicant and to all who submitted written comments or requested notice of the final decision.

# Order a custom-made loose-leaf binder for the Kansas Register!

Custom-made Kansas Register binders are now available. These binders will attractively hold up to a year's worth of your copies of the Kansas Register for permanent use. They are high quality, durable casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) The three-inch binders feature dark blue supported vinyl covering and gold imprinting.
